6. 25X1C 25X1C	On 21 December, Stalag I was occupied by a rocket launcher unit. Sentries observed wore red-bordered black epaulets. On 8 December, a 132 mm rocket launcher was seen in the installation area.
<b>7.</b> 25X1X	On 21 December, Stalag II was occupied by a unit wearing red-bordered black epaulets. About 50 soldiers were constructing bunkers in the wooded area near Stalag II. On 17 December, about 50 soldiers left the installation and engaged in marksmanship training in the wooded area south of the installation. On 9 December, 12 wooden barriers at intervals of 4 meters were along the road to Frankenfoerde in the area of Stalag II. At every second interval was a traffic sign, for example one way only, speed limit 30 km per hour etc
8. 25X1C	On 10 November, Stalag I was occupied by about 100 troops wearing red- bordered black and a few black-bordered black epaulets; and Stalag II was occupied by about 400 troops wearing red-bordered black and black- bordered black epaulets.
9. 25X1 25X1C	On 10 November, the former Norddeutsche Maschinenfabrik was occupied by about 400 to 600 troops vearing red-bordered black and black-bordered black epaulets.
10. 25X1	On A January, the former Norddeutsche Maschinenfabrik was occupied by about 100 troops, including about 50 officers, some of them with signal insignia. Sentries observed wore red-bordered black epaulets. On 29 December, 15 officers were observed at the entrance. Motor vehicle
11.	On 4 January, Stalag I was occupied by a signal unit and an artillery unit of about 1.80 men. On 19 November, about 150 troops fell in in the barracks yard. On 16 December, about 40 troops practiced firing with rifles in a gravel pit about 300 meters east of the installation and, on 29 December, about 25 troops were seen drilling on the athletic field adjoining the quarters.
12 <b>.</b> 25X1 25X1A	On 4 January, Stalag I was occupied by about 150 soldiers wearing red- bordered black equilets with artillery insignia. Source believed they were recruits. On 16 December, about 40 troops engaged in marksmanship training south of the quarters and, on 29 December, about 30 troops were lined up in front of the quarters. Motor vehicle was seen. <sup>2</sup>
25X1A→ 25X1 25X1 <sub>2</sub> 25X1	comment. An officer instruction course of the Third Gds Mecz Army is believed stationed at the Norddeutsche Maschinenfabrik. However, the occupation strength could not be determined.  25X1A  Comment. The 91st Gds RL Regt of the Third Gds Mecz Army and a signal repair shop of the GOFG are confirmed in Stalags I and II.
